Fight In Court

Brawl at Hearing of Portner Will Case At Manassas

Manassas, Va., June 9.—Spectators who packed the little courtroom here at the morning session of the Prince William county circuit court were witnesses of a free-for-all fight about 11 o'clock by interested parties in the contest proceedings of the will of Paul V. Portner, one of the heirs to the Robert Portner estate. The will of Paul Portner bequeaths to Mrs. W. P. Meredith, of Washington, his sister, his entire estate, amounting to $250,000, representing an interest in the Portner apartments, Washington, the Alexandria Feed and Milling Corporation, Alexandria and the Portner Realty Company, the old Portner home place adjoining the town of Manassas, consisting of 2,100 acres of land, upon which stands a handsome $50,000 residence, known as Annaburg, one of the show places of northern Virginia.

Contesting the will are A. O. Portner, Baltimore; Mrs. Alma H. Portner and Mrs. A. L. Humes, New York city; Mrs. H. D. Flood, Mrs. Palmer Denby and Oscar C. Portner, all of Washington. The fight was precipitated at the conclusion of the reading by John L. Lee, one of the attorneys for the contestants, of a number of affidavits supporting his plea for a continuance of the case until the October term of court. Among these affidavits were two which stated that Meredith was seen to rifle the desk of Paul Portner at his late home here, on November 2, 1919, the day of the deceased's funeral and take from it all the papers belonging to him, John S. Barbour, of Fairfax Courthouse, counsel for the Merediths, replied to Lee's argument and branded the affidavits as a "pack of lies," and not a word of truth in them."

H. D. Floor, representative from the Tenth Virginia congressional district, was upon his feet in an instant and, with blazing eyes, declared that "no one but a hound would make such a statement," Barbour made a quick pass at Flood with his fist, but the intended blow was neatly side-stepped and Flood retaliated with a smashing blow on Barbour's mouth.

Mereith rushed from his seat outside the bar and staggered Flood with a blow in the face. Flood then turned upon Meredith and struck him across the face with his cane. The cane broke from the blow and fell among the bystanders.

Then followed a general mixup in which principals and friends of both sides to the contest joined in the melee. No other word was spoken by the combatants, and for a little while only the scuffling of many feet and the occasional resounding whack of a well-directed blow could be heard.

The row developel so quickly that Judge Brent and other officers of the court were completely surprised and it was several minutes before order could be restored in the court room. Then Judge Brent found his voice and sharply rebuked Barbour for his statement concerning the affidavits, and warned all parties that he would not countenance a recurrence of the scene.

Barbour apologized for his statement, and the arguments by attorneys were resumed. The case was finally continued and will be heard at a special term of court to be held here July 19.

TRUCK CONVOY TO PASS THROUGH CITY

"Ship-By-Truck" Movement to be Launched Next Monday

WILL GIVE RECEPTION

Capt. Geo. H. Evans, of the Alexandria Chamber of Commerce Working Out Program.

Railroad Meeting

System Employees of R. F. P., Hold Annual Session Here

The annual meeting of the system employees of the Richmond Fredericks and Potomac Railroad was held here today with H. A. White, Richmond, president of the organization presiding and D. Kenedy, also of Richmand, as secretary and treasurer.

There were six representatives from Richmond and six from Alexandria in attendance. The question of a railroad increase in wages now pending was taken up and discussed together with a number of other matters of importance to the men. The trades represented include boilermakers, machinists, carmen, blacksmiths, electricians and pipefitters.

ACTION DEFERRED ON LIGHT BOOST

Arguments Made Before Joint Session of Council Last Night

TO ACT FRIDAY NIGHT

Attorneys C. Keith Carlin and Carter Hall Oppose—Attorney Leo P. Harlow Presents Company's Side.

After hearing arguments on both sides for and against the proposed increase in rates asked for by the Alexandria County Lighting Company for the use of electricity council last night deferred action on the matter until next Friday night when a special meeting will be held and hope was expressed by President Burke that every member will attend. Practically the entire session of council was taken up with the matter, and it was after 11 o'clock before an adjournment was taken.

A joint session of council was held for the purpose of hearing the arguments on the proposition and it was called to order by President F. F. Marbury of the board of aldermen at 8.50 o'clock and it was 11.15 o'clock when it ended.

On motion of Alderman Wilkins the amendment to the ordinance whereby the Lighting Comoany asks for an increase was read.

Attorney Leo P. Harlow, representing the Alexandria County Lighting Company, was first questioned by President Burke regarding certain provisions of the ordinance relating to the settlement of the matter by arbitration as provided for in the proposed ordinance.

Attorneys C. Keith Carlin and Carter Hall appeared to protest against the increase as asked for in the amendment and Mr. Carlin presented a petition signed by more than eighty persons protesting against the proposed increase.

George D. Hopkins, secretary and treasurer of the Old Dominion Glass Company, who was among the spectators, stated that he had been informed that the proposed increase would not have any effect on motive power and added that since coming to council he had been informed that his deducations were correct. Inasmuch as they had not proposed to change the price for such he said he had no objection as he thought they were clearly entitled to an increase as are all other corporations that use coal.

Attorney Harlow suggested that Mr. Carlin be given the floor first to present his side of the case and this was done.

Mr. Carlin stated that he was present not opposing the increase but opposing the increase as proposed. He had a blackboard which he used in making figures in connection with his argument. He opened by declaring he did not represent H. P. Wilson of Hollin Hall, Fairfax county. Mr. Wilson he asserted had a controversy with the Alexandria County Lighting Company which he handled.

Among other things he suggested that an expert be employed to go over the company's books and he estimated that the increase would yield the company $16.000 additional revenue annually. The gross earnings of the company he said were about $250,000 and that there are 1586 users of electricity.

Concluding his remarks he said that the burden would fall on the poor man and declared it should be distributed more equitably than at the present time.

Attorney Harlow said he didn't know who there was in the fight and he protested against council being used as a "catspaw" and he said he still contended Mr. Carlin was the attorney for H. P. Wilson.

Some of the citizens who signed the petition Mr. Harlow asserted claimed they did so under a misapprehension. The facts but only 80 odd persons signed the petition of protest he said was significient. If they thought the matter was urgent he declared they would be present. The company, he said, was willing to thrash the matter out in the full light of publicity. Continuing he said: "The time is reached where the company cannot operate under the present revenue." The books of the company he said are open to council. In reference to power rates he stated that they have rates as low as eight mills an hour. If the company charged rates Mr. Carlin said they did he asserted it would drive all manufacturing industries out of the city. The rates Mr. Harlow claimed had remained unchanged since 1906 and the total increase will be approximately 23 per cent for electricity for illuminating purposes. It will yield the company approximately 16,000 he told council adding that the coal supply for next year will be an increase of $27,000 over the preceding year. He also told of the increases of the company for its products and labor ranging all the way from thirty-five to four hundred per cent. The increase on small consumers will be only a fraction over two cents a day he said.

Concluding he said: "We believe the increase we ask for is a just and reasonable one and not excessive. We do ask, however, that a report be made as soon as possible as the company is being operated at a loss of $1,500 a month.

Attorney Carter Hall then took the floor. He suggested that council obtain expert advice. He declared he was not definitely opposing the increase in rates. Mr. Hall said that the proposed increase does not equitably distribute the burden and he suggested that it be referred back to the committee or to the state corporation commission.

Superintendent E. H. Feldtkeller, of the Lighting Co., next took the floor and he gave some figures regarding the value of the plant. The rates he asserted are lower and more ejuitable than in many other Virginia cities. The speaker said the company would be glad to go before the state corporation commission with its proposition for an increase.

The committee to which the matter had been referred made a favorable report, but owing to the lateness of the hour and the fact that all of the members were not present it was deemed expedient to defer action on the measure until next Friday night.

Other Matters Presented

On behalf of the Old Dominion Boat Club, E. E. Carver, president of that club, made an appeal for city council to make an appropriation to help the club entertain the 300 special guests of the club who will be here July 10 to attend the Southern Rowing Association Regatta which will be

Abounds in Attacks Upon President Wilson

LACK OF ENTHUSIASM

Massachusetts Senator Demands Thorough Hough Cleaning in Washington by Ousting of Democrats.

Chicago, June 9.—Senator Henry Cabot Lodge was elected late yesterday afternoon as permanent chairman of the Republican National Convention. He received 22 votes; Former Senator Beveridge, of Indiana, 9, and Senator Medill McCormick, of Illinois, 7.

Stressing the responsibility of the Republican party "to redeem America" Senator Lodge opened the convention yesterday in a keynote speech reviewing the conditions of the nation, the "failure of the Democrats" to cope with those conditions and the duty and ability of the Republicans to rebuild American democracy and economic life.

Problems of high prices and profiteering, autocratic concentration of power in the hands of the Executive domination of the government by any one class, the Mexican tangle and the necessity of a peace treaty fully guarding American rights were brought into prominence by the Senator.

Letter to Cardinals

The following explains itself:

My dear Mr. Breen:

Your letter of June 6th, relative to the failure of the Marine Corps team to fulfill its engagement with the Alexandria Cardinals, has been received.

In reply, I beg to inform you that the incapacitation and absence from city on authorized leave of absence of several of my regular players made it impossible to play you Sunday, and, accordingly, Saturday morning I made several attempts to locate you by telephone with a view to postponing the game.

I realize that the fans of Alexandria hold you personally responsible for the failure of the Marines to put in an appearance, and as proof that I sincerely regret the circumstances which made it necessary for me to cancel the game, I will gladly bring the team to your city next Sunday, June 13th, for a game with the Cardinals. I am particularly anxious to play on next Sunday while the incident is still fresh in the minds of the fans. I feel that I am totally rsponsible for their disappointment and hasten to take advantage of this oportunity to show them that it was not intentional. Will you not take the necessary steps to have this statement receive proper publicity in the Alexandria papers?

In closing, permit me to again assure you, Mr. Breen, that I sincerely regret the circumstances which I am sure caused you no little inconvenience, and trust that, in the event you have a scheduled game for the 13th, you will find it possible to arrange a double header so that the Marines can play you. Please let me hear from you regarding this game at your earliest convenience.

With the assurance of my very best wishes for the success of your self and the Cardinals, I am

Very sincerely yours,
Roy S. Lane,

VIRGINIA NEWS

J. Thoroughgood Rew, 65 years old, farmer, of Hallwood, committed suicide in the orchard on his farm Monday by hanging himself with a rope suspended from a fruit tree. His body was discovered some hours later by members of his family.

Claude S. Hancock, of Chester, S. C., pleaded guilty to bigamy in the Corporation Court of Danville, and was given three years by Judge Walton Brown. Hancock offered no explanation, but declined to say how many wives he had. He admitted "more than one" but appeared to be hazy about names and dates He was charged with having four known wives and two whose names were not known hailing from Virginia and the Carolinas.

Fire starting yesterday afternoon in the plant of H. E. Young, manufacturers of tanning extracts in Charlottesville, caused damage of $400,000. The blaze originated in the storage building where 6,000 barrels of extract, stored ready for shipment, were consumed. It then spread to he finishing building, a 3 story frame structure, which is also a total wreck. The grinding building and leach house were undamaged. The loss is partially covered by insurance.

Spencer Cavan, 16 years old, son of J. R. Cavan, of Richmond, died yesterday morning at the Virginia Hospital as a result of a broken neck, which he suffered when he dived into the water at Falling Creek a few days ago. The youth at first did not know he was severely injured. He came home and later in the day was taken with acute cramps. He was removed to the Virginia Hospital, where the next day it was discovered that he had fractured his neck.

"THE MIRACLE MAN"

Far away from the bustle of cities
In a spot that was countrywide famed
Lived a Miracle Man, strangely gifted;
To deliver the stricken and maimed.

To this patriarch old in his cottage,
With a plan to reap wealth from his deeds,
Came a group from the slums of Manhattan,
Who obeyed no command save their needs.

There was Burke and the Girl and the Dope Fiend
And a misshapen brute, their decoy,
Then a Miracle happened! The gangsters
Found the vile in their hearts was alloy!

For the pure guileless life 'mid the mountains
Brought ideals that cleansed smirched hearts of crime,
'Til at last even Burke, the foul-tempted,
Freed his soul from the taint of its slime.

It's a picture that tugs at your heartstrings
Full of thrills, mixed with laughter and tears.
When you see it, you"ll echo with thousands;
"Takes it place with the greatest in years."

FOR THE SUMMER BRIDE

"Trousseaux, like everything else, have changed nowadays,' writes Helen Kenes in May Good Housekeeping. "They are no longer the gathering of a great number of clothes and lingri, but the thoughtful choice of a few suitable and necessary dresses for every occason Styles change so quickly that women have learned the wisdom of getting few clothes at a time and renewing them oftener.

If the wedding is to be in April or May, teh gong away costume is usually a sut; if later, a dress is often selected instead. But a suit is still indispensable for every bride"s wardrobe.

"Every trousseau needs an evening dress. For informal dinners and restaurant wear navy blue Georgette is very smart. A new and smart afternoon frock, a bright colored foulard, is trimmed with batiste plaiting.

"Organdy, gingham, and linen dresses will be much in vogue this summer, and particularly charming is the organdy frock which combines delightfully with navy blue or red dotted swiss."

ANTI-PROHIBITION PARTY ORGANIZED

(Continued from Page One)

bitionist by practice as well as in theory, but that he did oppose the tendency of the Federal government to take over rights that belong to the States. He declared that the tendency is a dangerous one and unless checked will so centarlize regulative legislation that the States will not only lose their powers but their political identity.

Mr. Stayton said that it is his purpose and the purpose of those interested in the movement to organize as many States as possible near the national capital, then to form a national committee to organize in every State in the Union.

It is the purpose of the organization to pledge the voters to vote for no legislative candidate who will not pledge himself to vote for a repeal of the Federal prohibition amendment. More than 150 citizens of Richmond already have enrolled as members.

The central committee appointed yesterday afternoon will hold a meeting during the next few days at the call of the chairman and will outline plans for the organization of the State.

Some of those who attended the conferences indicated that the movement means that ultimate formation of a States' rights party, or at least such a force as will command the respect and attention of the regular parties.

Mr. Stayton disclaims any connection between this movement and any liquor interest. Indeed, he claims that every effort is being made to steer clear of such affiliation. It is announced that a large portion of the most active membership is among prohibitionists, who while favoring prohibition, oppose the enforcement of such laws by the Federal government, contending that such legislation is exclusively within the province of the States.

They contend that this type of Federal legislation opens the way for even more drastic enactments with more serious encroachment on the inherent rights of the States under the Constitution.

The State central committee appointed yesterday follows:

Col. H. M. Boykin, Chairman Levin Joynes, Leslie N. Morecock, J. T. Palmatary, Nathan Simon, George W. Warren, Walter S. Tanner.

It is the purpose of the central committee to appoint local committees in every city, town and county in the State.

FISHING ROD LOADED

Sydney, N. S., June 9.—Melville Brennan, 14, was brought to a hospital here yesterday badly injured as a result of trying to use a fishing rod which his friend, Charles McKinnon, of the Nova Scotia Highlanders, found in a German dugout in France.

The rod was filled with high explosive and detonated when the boy tried to put it together, according to the police.

ENFORCE THE LAW

The Supreme Court has spoken. The eighteenth amendment and the Volstead enforcement act are valid. They are now undisputed integral parts of the law of the land, and as such they must be recognized and sustained by every patriotic citizen. Various suits brought to test their validity have been dismissed.

As the Richmond Journal says, "it is a straight out bone dry prohibition victory all along the line, and opponents both of the amendment and its drastic enforcement measure must make the best of it. They have carried their case to the tribunal of last resort, and their battle has ended in defeat.

"It is useless now to discuss pro or con the merits of the case or the reasons the court found for its conclusions. Thy must have been convincingly sound and well weighed.

"The decision will be hailed by a certain section of the people as a marvelous triumph for righteousness by the remainder as an infringement on their personal rights and liberties, a bar to their pursuit of happiness and a further evasion of the prerogatives reserved to the States under their compact of union. But in discussions that will ensue the great, outstanding fact must be borne in mind that the people's highest court has decided in favor of the former.

"The law has been laid down; let it be enforced in spirit and in letter. It will require time and patience, money and perhaps life, to eradicate the business, but the Federal government has assumed responsibility of the task, and, aided by the States, it should be able to accomplish its purpose.

?spon-O' f bod bod mo dom doh

"If the amendment and the enforcement law are good, time will prove them so, and all patriotic citizens will rejoice; if they are bad, then the more rigid the enforcement the more quickly public sentiment will demand their repeal."

LODGE'S KEYNOTE SPEECH

The keynote speech of Senator Lodge at Chicago is primarily, almost wholly, abuse of Woodrow Wilson. The President, under whose administration and through whose efforts an almost, if not quite, unprecedented amount of beneficial legislation was placed upon the statute books; under whose guidance America's part in the great war was brilliantly won; whose personal efforts so largely contributed to the defeat of Germany; whose body is broken as a result of his devotion to his country's interests, is portrayed as the devil incarnate.

As is suggested by a morning paper, "it is all backward, and not forward, looking. Mr. Lodge's promises for the future are vague indefinite. He stakes the whole Republican cause on his apparent belief in popular hatred of the President. After the 4th of March next Mr. Wilson will no longer be a factor in American politics. Any criticism of him personally, however sound—of his autocratic temperament, of his aggressive assumption of power, of his disregard for the Constitution and his "un-American" theory of government—can have no weight with those whose are concerned with the wise government of the country for the four years following next March. Criticism of the President personally as praise of him, has no proper bearing on the issues which will be decided by the voters in November."

PUBLIC WELFARE

Mr. Gompers is rapidly losing his reputation as a conservative leader of organized labor. Perhaps the radicals who are "boring from within" have driven him further than he meant to go. It is difficult, at any rate, to reconcile his present with his past attitude. When he declares that "the worker's will not sacrifice human progress for an abstraction which is called public welfare," he practically denies to the great body of people who represent neither capital nor labor in the narrow sense any standing in court. This is "class consciousness" with a vengeance.

Mr. Gompers says, "the public has no rights which are superior to the toiler's right to live and to defend himself against public oppression."

Mr. Gompers is claiming for the unions a superiority which he would be the first to resent if any other interest claimed it.—(Philadelphia Inquirer.

$125,000,000 FOR ROADS

I. C. C. Will Advance Funds to Aid in Purchase of New Rolling Stock

Washington, June 8.—Immediate appropriation of $125,000,000 of Government funds for the use of the railroads to purchase new rolling stock was announced yesterday by the Interstate Commerce Commission. The money will be advanced out of the $300,000,000 revolving fund provided in the Transportation act.

Of the total to be advanced for rolling stock of 75 million dollars will be set aside for the purchase of freight cars, with preference given to twenty thousand refrigerator cars to move fruit crops, and fifty million dollars will be set aside for the acquisition of locomotives, with preference given to freight and switching locomotives.

LODGE DELIVERS KEY NOTE SPEECH

(Continued from Page One)

"Behind us lies the greatest war of history," he said. "We find ourselves gazing upon the problems and trials which the huge convulsion has left to us and with which we must cope and cope successfully if we are to rebuild and again move onward."

Paying a glowing tribute to the soldiers, sailors and Marines who fought in France and who served in this country, he pointed to the resultant restlessness on the part of the people, which expresses itself "in the discontent with all forms of government or control and in the readiness and eagerness to destroy even the fundamental principles of a free and orderly civilization without which law and order, organized society, the possibilities of progress and the chance for happiness cannot exist."

This state of mind he called the gravest obstacle of restoring normal conditions, one requiring tolerance and self-restraint, and a gigantic task for any government or party.

"One of our great political parties has failed to meet—nay, is in a considerable measure responsible for the perilous conditions of the hour," he said. "The only other organized political force strong enough to grapple with the encircling dangers is the Republican party."

In order to render that service, he said, it is necessary that the Republicans be given the opportunity by being entrusted by the people with both legislative and executive authority.

"To this end," he said, 'Mr. Wilson and his dynasty, his heirs and assigns, or anybody that at is his, any body who with bent knees has served his purposes must be driven from control, from all influence upon the government of the United States. They must be driven from office and power not because they are Democrats but because Mr. Wilson stands for a theory of administration and government which is not American.

"The return of the Democrats to power with Mr. Wilson or one of his disciples still the leader and master of a great party would be a long step in the direction of the autocracy for which Mr. Wilson yearns and a heavy blow to the continuance of free representative government as we have always conceived and venerated it.

"The peril inseparable from Mr. Wilson and his system goes far beyond all party divisions, for it involves the fundamental question of whether the United States shall be a government of laws and not of men, whether it shall be a free representative government or that of a dictatorship resting on a plebiscite carried by repellent methods."

TO FIGHT ALL STRIKE LAWS

Gompers Declares Stand for Workers' Right to be Free

Montreal, June 8.—Any attempt to enforce compulsory labor by making strikes unlawful must be resented at all costs, Samuel Gompers, president of the American Federation of Labor, declared yesterday in his address at the opening of the federation's fortieth annual convention.

"I have no fear as to what the results will be," he said. "As long as I have life and my mind is not impaired I shall stand for the right of the men and women toilers of the world to be free, untrammeled and uncowned by any force.

"The one who fails to unerstand" Mr. Gompers continued, "that there is a law of compensation in all the life of the world fails to understand the development of human life and progress."

He urged organized labor to "hold itself in leash" and use its power of force and influence in moderation, but asserted that all the workers must be kept "on the firing line."

"No one can hurt us or injure our movement or destroy it but ourselves," said the labor chief in warning delegates against ultra-radical movements.

EATS GROUND GLASS

Harrisburg, Pa., June 9.—With safety pins dangling from his ears and a threaded needle jabbed through his neck, Joseph Ross, colored, was arrested yesterday. Ross declared "this is just a few of my favorite pastimes and sought to prove it by taking the final pinch of a pound of ground glass. He is still alive.

ESSENTIALS IN CANNING

The essentials in canning fruit and vegetables are these:

Fresh products, pure water, jars, clear lines, good jars, "live" standard rubber rings and sufficient heat to process the products thoroughly in the closed container.

The Closer at Home You Keep Your Dollars The Quicker They Will Get Back to You

Don't make any mistake and consider that it will not make any difference whether you spend your money in this city or send some away. You may have fond hopes of saving on your purchases but when due consideration is given to all expenses attached your investigation will show that this is not the case. In fact you will discover that instead of being benefitted that your purchases have cost you more than you would have paid for them here as under all conditions

YOUR DOLLAR IS WORTH MORE IN ALEXANDRIA THAN ELSEWHERE AS FAR AS ITS PURCHASING POWER IS CONCERNED BOTH IN VALUE AND SATISFACTION

A Safe Place In Which To Anchor

Alexandria Can Prosper Only so Far It Receives the Undivided Support of the Residents

Flourishing industries and up-to-date mercantile establishments are the life of any city. This city has reason to be proud of those that are located here. The growth of this city depends upon the support given its industries. If mechanics seek work in other cities, it is a handicap to those that are located here. If our residents send to distant points for merchandise, they are not assisting in the growth of Alexandria as they should.

IF OUR CITIZENS WILL BE TRUE TO THE INTEREST OF ALEXANDRIA, ITS GROWTH WILL BE SURE AND CERTAIN AND THEIR PROSPERITY AS WELL WILL BE ENHANCED

Your Dollars Belong In Alexandria---There Exists No Logical Reason Why You Should Send Them Away---Buy in Alexandria at All Times

Regardless of your duty in patronizing the merchants in this city, it is to your advantage from every standpoint to do so.

There is not a single sane reason why you should go beyond the borders of this city for goods of any nature.

Our stores are well stocked, the stocks carried are of the highest quality and in as extensive a variety as can be found in cities much larger than this. Our merchants recognize the need of quality stocks and this is the foremost aim.

Price can not make it desirable either. A comparison of the qualities sold in this city and the prices asked with the prices published by the out-of-town concerns and the quality of the merchandise handled by them will show that price advantage calls for purchasing in this city.

It is thoughtlessness and a lack of consideration to one's own interests that works a hardship locally when goods are purchased out of the city that should be bought here.

Your dollars do double duty when spent here. Not only will they purchase more here, but in remaining in this city they help to make our stores better. Patronize Alexandria merchants. Moke their volume of business as large as possible. This will encourage them to continue in their efforts to supply you with the best obtainable and at reasonable prices.

Be fair to the merchants in this city. Help them and they will help you. Your prosperity depends upon their success. Thus in helping them you are also aiding yourself.

TRUCK CONVOY TO PASS THROUGH CITY

(Continued from Page One)

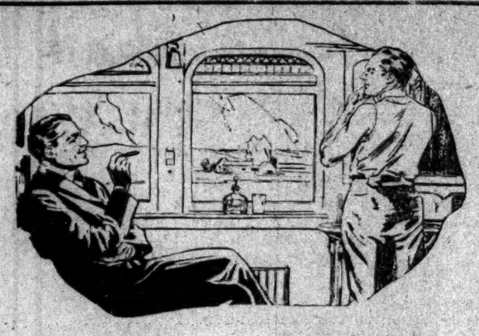
given by Secretary of War Newton D. Baker. The "Ship-By-Truck" convoy, is to be under the auspices of the Bankhead Highway Association and will be managed by the War Department of the United States government. Director General J. A. Roundtree, of the Highway Association, is working with officials of the government in perfecting the details of the trip, which is expected to arouse considerable interest all along the way.

The convoy will be composed of about 50 big trucks, and in the neighborhood of 20 of the officials of the War Department will accompany it. They expect to land at San Diego, Calif., not later than September 16, unless unforeseen accidents hold back the outfit.

The Motor Transport Corps will send 76 men and 2 officers; the Service Park Unit will be composed of 1 officer and 35 men; the Headquarters Motor Command, 7 officers and 20 men; the medical unit, 2 officers and 10 men; the engineer outfit, 1 officer and 10 men. The convoy will carry with it an entire kitchen outfit, as the men will camp along the way. They will also have one ambulance for use in emergencies.

The convoy will be in command of Colonel John J. Franklin, Jr., and entire charge of the men and trucks will be given over to this officer on the trip.

Wise Tom Edwards



Frank Graham, who has just finished a comfortable dining car breakfast, sights along the barrel of his cigar and discovers that the man at the washstand is none other than his sensible and able friend, Tom Edwards, salesman.

"HELLO Edwards! You on this trip? What's that bottle of yours on the window sill?"

"That I'll tell you by asking you a question."

"Fire ahead, Old Timer."

"What was the first thing you ordered in the diner this morning?"

"Why, let's see—I needed a little mineral water and"—

"That's it! Mineral water! Well, this bottle here has made me see my last drop of mineral water! That's Nujol. You've seen it advertised, I guess."

"Sure. You troubled with constipation much?"

"I'm not troubled with it at all. But I would be if it wasn't for that bottle."

"Good, eh!"

"Life insurance. I've been on the road a long time. You know—taking orders from a time-table. I've got a pretty strong constitution, but the life was killing me. The hours, the fifty-seven varieties of drinking water and the small-hotel food all combined to nearly ruin me. And I soon got the habit."

"The habit?"

"Yes. You know—the 'gimme-something-for-constipation' habit. The druggist shoots you a glass of soda with some salts, or a box of powerful purgatives. You get action all right. You feel weak for a day and next time you need a stronger dose. After a while your bowels won't work at all without these drugs."

"But how did you get onto Nujol?"

"One day Joe Bates, a doctor friend of mine, saw me taking a pill for constipation—the second one that week. Joe bounced right up in the air and preached for an hour on the sacredness of our internal organs. Then he put me on the Nujol treatment—a tablespoonful twice a day."

"And the effect?"

"None for the first day or two. And then I began to feel like my old self again. I got back my appetite and took on a good color. Nujol was cleaning me out—ridding me of waste poisons. You see, Nujol works on a new principle. Instead of forcing or irritating the system, it simply softens the food waste. This helps all those tiny muscles in the walls of the intestines, contracting and expanding as they should, to squeeze the food waste along so that it passes naturally out of the system. It helps Nature to keep regular hours for evacuation. Besides, it's absolutely harmless and pleasant to take."

"That's great! Nujol sounds like the only rational treatment for constipation. I always get a good idea from you and this one's a fence buster. Me for Nujol."

Nujol is sold by all druggists in sealed bottles only, bearing the Nujol trade mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger".

The Modern Method of Treating an Old Complaint

What You Will Be Tomorrow Depends Upon What You Do For Your Health Today—

You Must Keep Your Blood Filled With Iron To Stand the Strain of Modern Day Life Says Physician—Explains How

Nuxated Iron Helps Build Red Blood

Strength and Endurance

Talk It Over With Yourself

Have you ever stopped to look yourself squarely in the face? Are you getting anywhere? — or just drifting—a little weaker, a little more nervous, a little more run-down every day? Nothing slips away so easily as HEALTH. Unless YOU hold fast to HEALTH by your own efforts—by keeping your blood pure, red and rich in iron—the day may come when all you can do is WISH you had acted sooner. Physicians explain below how to help make rich, red blood and increase strength, power and endurance, through the health-giving, strength-building power of organic iron—Nuxated Iron—which is now being used by over three million people annually.

"Success is in the blood," says Dr. John J. Van Horne, formerly Medical Inspector and Clinical Physician on the Board of Health of the City of New York. "There are men whom fate can never keep down. They triumph over difficulties and ill-fortune because they have within them the never-failing source of courage, confidence and power—pure, red blood, rich in stamina-building iron. Where others hesitate and stumble, these men march forward with a firm step and take the best prizes of life. Their brains are keenly alive, their bodies are fortified with the strength and energy that enables them to take and keep the best the world has to offer. But in the rush and tear of modern day life, many a man and woman neglects to keep their blood filled with strength-building iron, and as a result they find themselves on the verge of a physical and nervous breakdown at a time when they should be enjoying their best years. In my opinion, physicians cannot emphasize too strongly the necessity of keeping the blood pure and red with plenty of iron, and I believe they should at every opportunity prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out-door Dept.), New York, and the Westchester County Hospital, in commenting upon the foregoing statement, says: "Every keen, active successful man and woman of today recognizes that a sound, strong body is the basis of all real achievement and they leave no stone unturned to safeguard their health. Lack of iron in the blood not only makes a man a physical and mental weakling, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. I strongly advise every man who is fagged out by worry, work and other strains to build up his strength, energy and endurance by taking some form of organic iron—Nuxated Iron—for I consider it one of the foremost blood and body builders, the best to which I have ever had recourse."

MANUFACTURERS' NOTE: Nuxated Iron, which is recommended above, is not a secret remedy but one which has been known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make the stomach black, nor upset the stomach. Each tablet of genuine Nuxated Iron is stamped as follows, and the words Nuxated Iron are stamped into each bottle, so that the public may not be led into accepting inferior substitutes. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists in tablet form only.

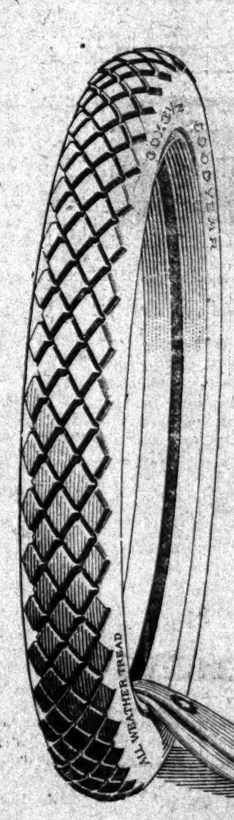
The World's Largest Tire Factory

Building 30x3, 30x3½ and 31x4-inch Tires



Owners of the smaller cars can enjoy the same high relative value in Goodyear Tires that gives utmost satisfaction to owners of big, costly motor carriages.

They can take advantage of that tremendous amount of equipment, skill and care employed by Goodyear to build tires of extraordinary worth in the 30 x 3-, 30 x 3½-, and 31 x 4-inch sizes.

They can secure these tires without waiting, despite the enormous demand, because, in addition to its larger sizes, Goodyear builds an average of 20,000 a day in the world's largest tire factory devoted to the three sizes mentioned.

If you own a Ford, Chevrolet, Dort, Maxwell, or any other car using one of these sizes, go to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in waterproof bag* $4.50

held in Alexandria under the auspices of the Old Dominion Club. Other cities where the regattas have been held he told council have helped to finance the proposition. President Burke suggested that the petition council for an appropriation.

Resolution appropriating $500 for construction of sewer in alley in rear of 900 block Duke street was adopted.

Resolution that the city alms house be placed under the direction of the city health department and the committee on poor was referred back to the joint committee on health and poor which committee recommended the proposition.

Mrs Sarah M. Baggett through her attorneys, James R. Caton and Sons, offered to sell the city a private sewer on her property on Harvard street extending to Hoff's run. The sewer the petition stated cost about $2,200 to construct and she will sell it to the city at less than cost.

The Emerson Pump and Valve Company sent a letter to council in which they stated that two and a half years ago they offered land for a road from Duke to Merchants street and gave notice that unless some action is taken by council within the next week or so they will withdraw their offer and close this road to public traffic. It was referred to the street committee.

Other matters presented follow: The sum of $120 for repairs at Reliance engine house; petition of Hugh H. Harris and others protesting against boisterious conduct and bad language from patrons of pool room near his residence, 128 North Fayette street, referred to police for action; petition of Southern Auto Service Company to make repairs in rear of house 529 and 531 south Alfred street, referred to street committee; Walter Sisson granted permission to remodel house 108 Wolfe street Appropriations made as follow: $500 for purchase of car load of granite curbstone and $80 for purchase of carload of asphalt.

Paris, June 9.—According to information received at the foreign office, anti-Semitic outbreaks occurred in Budapest around June 4, on which date, the advices stated, one man saw twelve Jews killed.

Vienna, June 9.—Sporadi disorders followed an anti-Semitic demonstration Monday night. Bands composed chiefly of students, beat Jews they met on the streets and smashed cafe windows in their search for others. Police and soldiers prevented attempts to enter the Jewish quarter. The disturbance lasted until early morning.

FORMOSA HAS 'QUAKE

THE TEST THAT TELLS

Is the Test of ime. Many Alexandria People Have Made This Test

Years ago this Alexandria citizen told in a public statement, the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Alexandria reader demand more convincing proof? It's Alexandria testimony—it may be investigated.

Mrs. Milton Moor, 123 Duke St., gave the following statement on April 13, 1915: "Doan's Kidney Pills are one of our household remedies. I have used Doan's several times when I have had backache and general kidney disorder with very good results. I always recommend anything I know is good and I am sure Doan's are a fine remedy."

On March 14, 1919, Mrs. Moor added: "I praise Doan's Kidney Pills just the same as ever, for they have always been just as represented. If I have the least backache a few of Doan's are sure to give me relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moor had Foster-Milburn Co.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had an headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

Paint is a necessity —not a luxury

After your house needs painting, every year you wait it will require more paint and more labor to put it in good condition. And every year you wait your house is worth less. Good-paint money is good paint insurance. And it's pretty good insurance on the value of your property, too.

DEVOE *The Guaranteed* ***Lead and Zinc Paint*** *Fewer Gallons—Wears Longer*

If your house needs painting, come in and let us tell you what it will cost you to use Devoe.

We say "Devoe" because it's absolutely pure.

That's why Devoe takes fewer gallons, wears longer—and costs less by the job or by the year. And that's why we guarantee Devoe without reserve.

Ask us for helpful illustrated booklet—"Keep Appearances Up and Expenses Down."
